WE HELP PARTNERS SOLVE PROBLEMS

WITH PEOPLE, SOLUTIONS, & TECHNOLOGY

IT RISK MANAGEMENT

Lynx provides the people, solutions, and technology to help you solve problems and look good. We can identify, evaluate, and manage the complete scope of your IT Risk Programs. More importantly, we help you clearly visualize, minimize, and communicate the potential impact to your organization.

- IT Risk Management Programs (Plan, Build, Staff, and/or Manage)
- Third-Party Vendor Risk Management (Security Check on Your Vendors)
- IT Risk Appetite Profiling (Strategic Roadmap for your IT Risk Appetite)
- IT Risk Assessments (Health Check for your IT Risk Program)
- IT GRC Rescue (Recover failing or stalled IT GRC Implementations)

CYBERSECURITY

Our cybersecurity team lives for finding and fixing vulnerabilities to fiercely protect our partners. We thrive on taking on new challenges, but also know the value of using proven methodologies to quickly identify, assess, remediate, and improve cybersecurity effectiveness.

- Cybersecurity Outsourcing
- Penetration Testing
- Information Security Assessments
- Vulnerability Assessments & Mitigation
- Application Security Assessments & Mitigation
- Security Architecture Design
- Security Operations & Engineering

COMPLIANCE

Need help, fast? The Lynx Compliance 911 program delivers teams of certified, compliance consultants into projects that are stalled or need to be accelerated. Our process-driven approach is designed to rapidly recover projects to speed up time to a successful audit or industry standard accreditation. At Lynx, our experts listen, work fast, adapt to fast moving regulatory changes, anticipate needs, and keep secrets.
